Said In Cypress

That one of the most interesting stories this week was told by Miss Dickerson. The kiddies have been thrilled over the new school bus, so much so that some of them fail to remember their stops — on purpose. Proud of their son's first day at school, one youngster's parents were waiting for him to alight at his corner. But no boy. Driver Miles was about to continue his schedule, concluding that said passenger had become confused and taken the wrong bus. About that time a third grader in the back of the bus called excitedly to the presence of a very reluctant lad, hunched behind the seats to escape notice. It took considerable wheedling on the part of father and mother to reduce the passenger list by one.

That our philosophical friend, "Frosty" Lowrey, came forth with another of his observations of dryly humorous nature Tuesday. After a ride in the Jake Van Dyke's Buick to the Park hearing in Santa Ana, "Frosty" remarked that he felt that everyone should be forced to ride ten miles once a month in his old jalopy. That, he said, would make them better appreciate their own cars!

That it's a birthday gift to her son, John Henry Ratliff, instead of a gold watch, she said with a sly grin and twinkle in her eye! That is how Mary Louise Graber explains the presence of the two story house on Crescent, just east of Walker street, which was moved from Long Beach to its present location. One of the oldest ranch houses in California, it is the Grabers' intention to restore it to its original character and retain the beauty and style of the period it represents.

That you may have heard Kerwin Hoover mention Cypress on his program recently, called "Home town happenings." A note from him indicates that we received publicity from the angle of a "human interest" story which he felt was interesting. This kind or notice from a Los Angeles station as big as KFI should make us very proud. Maybe he'll feel that the community's effort in staging "White Gold Day," which honors our dairies and strives to raise funds for a recreation park for the youth of the community is newsworthy? The program is aired at 9:45 Saturday a.m.

White Gold Day Discussed At Community Club

Members of the Women's Community club in Cypress met for their regular monthly business meeting on Tuesday afternoon in the home of the president, Mrs. Frank Noe. She was assisted by co-hostess Mrs. Hector Dyer. Ice cream, cake and coffee were served early in the afternoon, preceding the buusiness session.

Pastries' Booth

Mrs. Christine Swain, in charge of the pastries' booth for White Gold Day, announced that donations of cakes, pies, cookies, or candy would be greatly appreciated. Anyone who is not a member of the club, but who wishes to donate any one of these articles may call Mrs. Swain at Anaheim 28838. Cakes and pies may be purchased whole or by the piece.

Needlework Donations

The needlework booth, for which Mrs. Emily Fernandez is responsible, will feature some baby apparel, and some cleverly dressed dolls, among many miscellaneous items. Contributions will be welcome here, also. A lovely silk quilt is being prepared which will be raffled off.

Mrs. Merton Jones, chairman of the float committee, reported that plans were practically complete for the club's entry in the parade.

New Members

Mrs. James Broadbelt and Mrs. Burt Kroesen, guests of the club were voted into membership.

A novel gift idea was arranged for the new baby of Mrs. Arden Hambly, whose mother is a club member. Contributions were received in an attractive baby bank, to be presented the new arrival.

PARTY IN PARK HONORS YOUTH ON NATAL DAY

Michael Bolinger celebrated his ninth birthday Wednesday recently with a party in Anaheim park arranged by his mother, Mrs. James A. Bolinger, Jr.

A period of games was enjoyed, after which Mrs. Bolinger served birthday cake, punch and ice cream. Each child was given a party favor.

Guests were Sue and Billy Perry of Long Beach, Rickie McLain, George and Vernon Underwood, Michael Kelley, Tod Leveridge, Johnny and Jerry Hedgecock, Michael, Richard and Tommy Roberson, David Bailey, Elvin Laird and Gene Bolinger, Michael's brother. Donald and Jimmy Anderson could not be present.

Speaker Will Inform Citizens of Possible Metropolitan Water

FEEDER LINES MAY SOLVE SHORTAGE

Members of the chamber of commerce were told at their meeting Monday evening that the door is open to connect feeder lines and become a part of the Metropolitan Water District to receive Colorado river water. All of Orange county, it is felt, should become a part of this plan.

During the recent hot spell, it was reported that several local poultrymen lost large numbers of their flocks because the pressure was too low for supplying adequate water.

Source Not Adequate

At the rate water levels are receding, the present supply may prove inadequate in a few years. An estimated 500,000 population by 1960 in this area, growing to a million and a half by 1990, will tax the Santa Ana river beyond its capacity.

Representatives will attend the next meeting of the group to explain why communities should consider buying into the MWD now. The door to this water supply may not always be open. The public is invited to attend and hear his discussion.

Cities and villages planning annexation to MWD must act soon, according to the information received.

Name Float Committee

Named as co-chairmen to plan for the chamber of commerce float in the parade on White Gold Day were Mr. and Mrs. D. L. Von Trotha. Volunteers to assist on the committee were Forrest Lowrey, Evie Junker, Leona Murdock and Beth Kroesen.

Winner Is Loser

Under the rules set up by the Christmas "kitty" committee, a drawing was held for the first time at Monday night's meeting.

John Crume was the winner, but was not present at the meeting. The sum was automatically left in the fund, which will be used at Christmas time for decorations and treats.

GIRLS PAINT OWN CHURCH CLASS ROOM

An energetic group of eighth grade girls, who are members of a class in the Church of the Nazarene Sunday School in Cypress, painted their own class room recently with funds procured through their efforts. The color chosen was a soft shade of green.

On Thursday evening the group enjoyed its first social meeting, with a picnic at Seal Beach. The affair served as an opportunity to become acquainted with Mrs. N. W. Morris, who will be their future teacher. Their former leader, Mrs. McArthur, moved recently with her husband and family to their new home in Riverside. Other adults accompanying the girls were Mr. and Mrs. A. E. Holborow, the Rev. and Mrs. Howard, and Morris.

Girls who are members of the class are Avenelle Knight, Karen Seibert, Doris Adamson, Mary Lou Hoxsie, Wilhelmina Van Hunnick, Patsy Reeves and Vevan Gail Bodkins.

New Residence For H. Dyers' In Fullerton

The new home being built by Mr. and Mrs. Hector Dyer in the Sunny Hills district in Fullerton, will contain many building and decorating features which are original with the latter. Work on the three bedroom, veteran financed home, is under the supervision of W. Davidson, of Cypress, for many years a building contractor for the Dyer family.

To include an attached garage, fireplace and patio, the cost will probably not exceed $9000, due to careful planning and the use of clever ideas on the part of Mrs. Dyer, who has never received formal training in interior decorating, but who appears to have a natural talent in the art.

Dyer, who is employed by Union Oil in North Dakota, is not expected home until later in the fall. Mrs. Dyer and the children, who have been staying in the home of his mother, Mrs. Mabelle Dyer, will continue on here until the home is completed. The two older children, however, have registered for school in Fullerton and their mother will transport them back and forth until the move is made.

BANK REQUESTS UP-TO-DATE DATA

The need for a bank, long felt in Cypress, may be a step nearer realization. O. E. Hansen, of the Bank of America, indicated interest by his organization in establishing a branch when he requested that the chamber of commerce furnish statistics on the number of homes, dairies, chicken ranches and businesses in this area.

Members voted at their meeting Monday night that the secretary should furnish these ifgures at his earliest convenience.

TEEN CANTEEN NOTICE

All Cypress teen - agers, both hi and low, who are interested in teen-canteen for this school term must be at the meeting Friday evening, September 16, at 7:30 to be held in the Cypress school auditorium. **Each teen-ager must bring at least one parent.** Parents, if you are interested in your child's entertainment, be at the meeting with your child. Without you, the teen canteen cannot go on as teen-agers must be properly chaperoned.

Signed,
THE COMMITTEE

Arnold Reveals Rental of Last Available Unit

Arrangements have been made for leasing the remaining new store in the four-unit group on Lincoln avenue, according to A. E. Arnold, owner. Negotiations were completed on Monday with Western Auto Supply to occupy the store space next to Corby's barber shop.

Delmar Moeckly, who will assume managership, has had 16 years experience in merchandising. Western Auto operates a chain of 3800 stores.

Workmen for the company will install the fixtures and it is anticipated that the firm will open for business about November first.

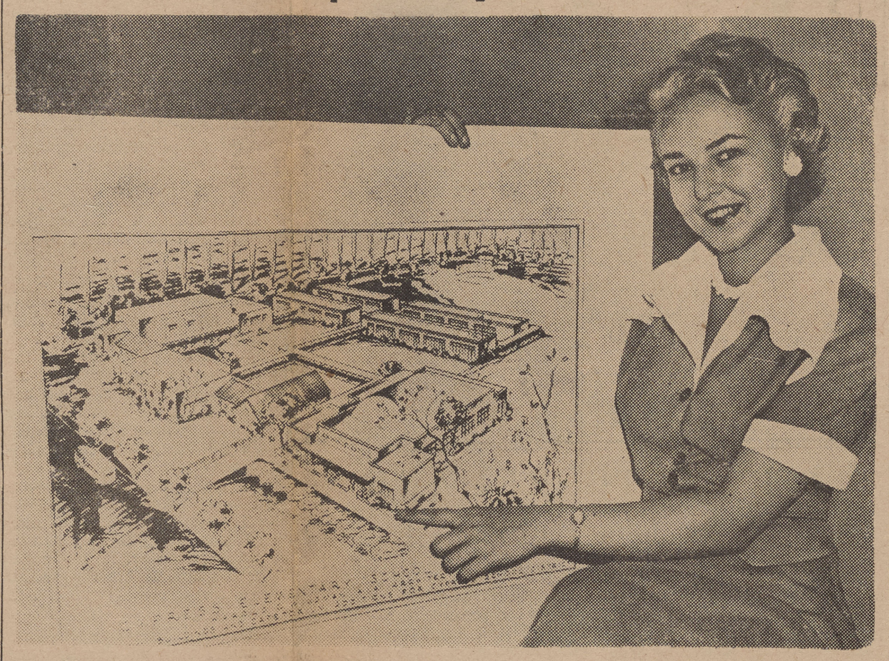

Big Birthday For Small Boy

Two grandmothers, two cakes and a birthday celebration for his two years was an experience enjoyed by "Sandy" III last Thursday.

Parents of "Sandy," Mr. and Mrs. Carl J. Sanders, Jr., entertained the family and friends in honor of the occasion, serving home-made ice cream to complement the two birthday cakes — furnished by each grandmother.

Present were the maternal grandmother, Mrs. J. Blaine Marlowe, of Mount Vernon, Illinois, paternal granparents, Mr. and Mrs. C. J. Sanders, Sr., Mr. and Mrs. Walland Vrbancic and son, Phil; Mr. and Mrs. J. D. Beck, and son, Jimmy; Mr. and Mrs. Charles Sanders; and Mr. and Mrs. James Broadbelt, and the Sanders, Jr., and baby brother, Billy.

Vote on $145,000 School Bond Saturday

Above is an artist's sketch of the proposed $145,000 additions to the Cypress elementary school. Even folks from as far away as Long Beach are interested, as is evidenced by the presence of Miss Lorraine Alden of that city, former professional model.

Miss Alden is pointing at one of the proposed additions, and the two buildings just above are also part of the new program. (Press-Telegram Photo)

Hope To Relieve Over - Crowded Classes With Eight New Rooms

An election will be held Saturday at the school house to determine whether or not the school district shall raise $145,000 through the sale of bonds to construct additional class rooms.

An overall plan for the future calls for the completion first of eight class rooms to relieve an over-crowded condition in the school which necessitates double sessions. Last year 499 children registered for school. This year, according to district superintendent, Miss Elizabeth Dickerson, the enrollment will tally a little under 600.

Plan To Begin Soon

If the bond election carries, it is planned to begin construction on eight new classrooms at once, with the possibility that they will be finished in time to be used the second semester.

Plans for a new administration building and cafeteria, funds for which are included in the present bond, will be carried out at a later date.

When school opened Monday, double sessions went into effect in the kindergarten through third grades. Lack of adequate class room space has already revealed disadvantages from an administrative viewpoint. Children who are refreshened after a night's rest are more receptive in the morning classes than those in the afternoon who are fatigued from a half day of activity. Many of these are young enough to still need their customary naps.

Upsets Daily Routine

Youngsters do not eat properly when they are forced to arise early in the morning and complete their day's schedule before another mealtime, it has been found by school officials. When double sessions are eliminated in grades 1, 2 and 3, kindergarten classes will all be held during the morning hours. Although the school now has two buses, they are taxed to capacity to meet the transportation problem arising from double sessions.

Voting at the school house will be between the hours of 7 a.m. and 7 p.m. Mrs. Julia E. Bouse is inspector and Mrs. Dorothy Lukens and Mrs. Hazel M. Palmer, judges.

Sixth Girl Enters Race For Queen

Eleanor Cortese, a newcomer to Cypress, is the latest girl to enter the White Gold Day Queen contest, having sold her required ten tickets early last week.

Already in the race and working hard on their barbecue and television ticket sales are Laverne Stanley, Verda Van Buskirk, Peggy Mills, Dorise Bouse and Alta Coffman.

The candidate who sells the most tickets to the barbecue and chances on the television set which is to be presented will win the queenship. The contest closes at 6 p.m. Wednesday, October 5.

Work Is Progressing

Committees working on the big event October 8 report smooth progress in most instances. James Moss and E. V. Corby, co-chairmen of the entertainment committee have reported that the professional acts are lined up and signed. A report on the talent will be given in the Enterprise next week.

Parade Entries

Although entries for the parade have been coming in satisfactorily at such an early time, more local entries are needed. There will be prizes for both commercial and club floats, and every business and organization in Cypress and the surrounding territory is urged to get their entry in.

Sells Stock; Closes Shop

Mrs. Fred Walley wrote "finis" last week to one of the town's most unusual businesses with the sale of her antique shop at 5263 Lincoln avenue. Articles from a stock which maintained a value of between two and three thousand dollars, were sold to Haggerty's antique shop, near Fullerton on Orangethorpe avenue.

The familiar "shingle" which has hung outside the Walley's home-shop for the past three years has been stored away. Retained by them, however, are the prized pieces of the early American corn glassware, from the collection of antiques.

The shop has enjoyed a reputation among dealers and collectors all over the United States. Because of the pressure of work in caring for such details as correspondence, shipping, and maintaining the stock, Mrs. Walley found it necessary to sell.

Illinois Guests Visit Relatives

Mr. and Mrs. Thomas B. Dayhuss, of Pana, Illinois, concluded a visit on Monday with relatives in this vicinity. A family potluck dinner was held in the yard of the G. O. Randall's in Hawaiian Gardens last Sunday noon. Mrs. Randall served a cake to honor her daughter, Mrs. Jesse Vaughn, whose birthday it was.

Other guests were Jesse Vaughn, Mr. and Mrs. William Boeckler and family, and the Raymond Randalls, of Cypress, and Homer Randall, of Hawaiian Gardens.

The visitors enjoyed seeing the many points of interest in southern California.

Cypress School Will Begin Dental Program

The four-point dental program, a project voted on by the Cypress P-T.A. at the close of last school year, gets underway this month. The purpose of the undertaking is to care for the students' teeth and to teach them dental hygiene as a means of protection in the future.

Use of preventative, healthful diets are emphasized rather than restorative means. Lectures will provide information to teachers and members.

Urge Parents to Attend

Especially are parents with children in school urged to be present. Dentists who take part in the county-wide program will conduct the classes beginning on Thursday evening, September 22, from seven to nine o'clock, and continue through four Thursday evenings. It is compulsory that teachers be present.

The P-T.A. has extended an invitation to any interested persons to attend.

Because the P-T.A. attaches so much importance to educating children to care for their teeth, the money the organization usually spends each year to provide corsages for teachers at the annual reception each fall, will be turned over to the fund. With the increase in the teaching staff, this will amount to a sizable figure this year.

Supervisors OK Local Park Dist. Election

A hearing was held by the county board of supervisors at the court house Monday morning on a request by the Cypress Recreational Park Board, Inc., to call an election in order to form a park district.

20 In Favor

Twenty-two interested Cypress residents impressed the board by their presence to hear the petition discussed.

The supervisors approved the request after boundaries were satisfactorily described. Roughly, they follow an irregular pattern around Cypress from a point near Hansen road and Naomi street. The line runs west to Los Angeles county line, south on Denni to Ball road, east to Moody, south to Cerritos avenue, east to Holder road, north to Ball road, east to Hansen and north to Naomi street.

By forming a park district, funds now available from White Gold Day and other projects could be used to develop the park grounds for use by the public. The site of the recreation park is on Crescent avenue, a little to the west of Walker street.

Cypress Bowling Teams Sweep Impressive Wins In First Nite

Cypress once again showed its versatility in athletics this week as the three local teams in the bowling league at the Buena Park Bowl rolled over their opponents.

D. O'Neal Rolls 202

Dorothy O'Neal almost outbowled the male keglers by having a high game of 202 and a series total of 509. Only one man from Cypress rolled a higher single game, while only two bested her series.

Milt Varner was the only Cypress man to break 200 with a 215 game, and his 3-game series was also tops. It totaled 575. Varner rolls for the Cypress Merchants No. 2.

Foster Noe topped the Cypress Merchants No. 1 outfit by rolling a 513 series. His 176 single game was highest for the number one team.

Results of the matches found Cypress victorious in all three contests. In the Tuesday night league, the Number 1 men's team bested the Anaheim Truck and Transfer group, gaining 4 points to 0 in league standings. Their team totals were 2278 for Cypress and 1993 for Anaheim.

A 500 pin margin marked the Cypress Merchants No. 2 team's win over Bob's Market of Buena Park, also garnering 4 points. The count in that match was 2205 for Cypress to 1719 for Bob's Market.

In the women's division Wednesday night, the Triangle Drive-in, sparked by Dorothy O'Neal's brilliant rolling, piled up a total of 1675 pins agains only 1474 for the White Elephant Cafe of Buena Park.

Team Members

Members of the Number 1 team are Captain Glenn (Salty) Falls, Bob Jensen, Louie Wlaschin, Lee Stradley and Milt Varner.

Clyde O'Neal captains the No. 2 team and other members are Dick Hathcock, Harry Poor, Foster Noe and Jimmy Moss.

Besides Dorothy O'Neal, the Triangle Drive-in group consists of Zedith Hathcock, Alena Decker, Mickey Thomas and Clair Hitt.

NEW OFFICE CLERK

Something new has been added in the school system this year. A clerical helper has been installed to help with office details during the morning hours. She is Muriel Skimin, of Anaheim.

Miss Skimin will act as substitute teacher in the afternoons when needed. Mrs. May Weber is morning substitute teacher.

TEACHERS' MEETING

Last Saturday, the teaching staff of the Cypress elementary school and twenty - five guests met in an all-day session at the school house.

Luncheon was enjoyed at the noon hour in the school's cafeteria.

Those present were briefed on school policies and plans, organization, rules and regulations.

Baptist Men Work To Add More Rooms

Volunteer workers, members of the Baptist church here, gave of their time this past week to help provide much needed class room space for the cradle roll and primary group. The Rev. W. V. Buckner, pastor, comments that the "bawl room" will no doubt be a "howling success."

Up until this week it was necessary to hold all classes in the one large room which comprises the sanctuary. The addition of four Sunday school rooms will relieve the congestion to some degree.

Men of the congregation who helped were T. V. Stinson, T. W. Morris, J. T. Coleman, and J. H. McKenzie.

A cook stove has been installed in the kitchen so that the women's missionary group may hold its meetings at the church. It is also planned to have a family night in the near future. This will be a social evening devoted to fellowship.

Mr. Buckner states that it is planned to add to the outside appearance of the church property with the planting of shrubbery, grass and flowers.

Ratliff, Graber Are Married

Mr. and Mrs. R. C. Graber are surprising their friends with the announcement of their marriage, which occurred on Sunday, September fourth. The couple flew to Las Vegas, Nevada, where the ceremony was performed in the chapel of the Little Church at the Last Frontier.

Mrs. Graber, the former Mary Louise Ratliff, of 5801 Stanton avenue, will continue under contract to Lloyd's of Hollywood. She is employed as cultural counsellor for the firm.

ADULT INFORMATION ON ANAHEIM CLASSES OF EVENING SCHOOL

Classes will begin the week of Monday, September 19.

Registration for all classes will be made in the Main Office of the Anaheim union high school between the hours of 7 and 9 p.m. beginning Tuesday, September 13.

Last year's classes which will be offered again this year are: Leather, Plastic, Woodshop, Machine Shop, Clothing, Citizenship, Public Speaking, Textile Painting, Ceramics, Markmanship and Square Dancing.

New classes which will be offered are a class in Metalcraft which will feature the forming and etching of aluminum and copper bowls, trays and other decorative pieces; also an outstanding teacher has been secured for a class in Rug Hooking. This course offers the opportunity to make decorative rugs at a minimum cost.

The first number of the fall Forum Series is scheduled for Monday, October 3.

Rev. Howard Hosts Visitors

The Reverend W. D. Howard, pastor of the local church, was host Monday to visiting ministers of the Orange county zone, Churches of the Nazarene.

A business meeting followed luncheon, at which 19 representatives were present from pastorates at Laguna Beach, Midway City, Santa Ana, Anaheim, Placentia, La Habra, Brea, and Buena Park.

TEN-YEAR-OLD CYPRESS BOY TRAVELS 4000 MILES ALONE

William (Billy) Van Foeken, who has been visiting his grandparents, Mr. and Mrs. W. B. Vander Kooi, at Hull, Iowa, returned to Cypress Thursday.

He is the ten-year-old son of Mr. and Mrs. Frank Van Foeken and made the trip to and from Iowa alone by train. Billy started school here Monday.

ITEMS OF INTEREST

A pot luck dinner was enjoyed last Wednesday noon in Paramount by members of the missionary of the Faith Tabernacle at the home of their pastor, the Rev. C. G. Eigenhuis. The members sewed on school clothing for the children of the family. They will meet again next Wednesday. Present were Mmes. McBride, Massey, Wicker, Smith, Chambers, Stogdill and Miss Helen Hill all of Cypress.

Mrs. Freda Flemming entertained last Saturday afternoon at her home at 5581 Camp street in honor of Mrs. John Stevens. Guests showered the honoree with many useful and practical gifts for her baby layette.

Mr. and Mrs. William Lightfoot left Friday night for Plymouth, Michigan, where they will visit their son-in-law and daughter, Mr. and Mrs. Gerald Shelters and family.

Mr. and Mrs. J. E. Stogdill had dinner Thursday evening with her niece and husband, Mr. and Mrs. Jay Stockwell in Santa Ana. The four then attended the revival meeting being held in Anaheim. Four denominations in Orange county have combined forces in this effort. Several from the Faith Tabernacle have attended.

Three-year-old Anthony Anderson, son of Mr. and Mrs. Sig Anderson, was feted on the occasion of his birthday last Wednesday when his grandmother, Mrs. Joe Fernandez, held two parties at her home on Lincoln avenue. One group of small fry were entertained in the afternoon, and adult members of the family were invited to dinner in the evening.

Mr. and Mrs. Donald Boettcher of Bellflower, are the parents of Cherie Diane, born September 8. Paternal grandparents are Mr. and Mrs. F. Boettcher, who live on Sprague street.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the office of the Enterprise, Anaheim 60355, with their information.

INTRODUCING PROPOSITION ONE

The $250,000,000 bond issue for aid of distressed school districts which is to be voted on by the people of California in November will have, we predict, overwhelming support from representative organizations up and down the state.

Proposition No. 1 on the ballot, represents an honest attempt of Californians to equalize educational opportunities.. Under present conditions, the state's 1,500,000 school children are getting far from equal treatment.

During the last school year, about 125,000 pupils were taught on half-day shifts, due to overcrowding. This means, roughly, that they were half-taught, their classroom time reduced, and the teacher-pupil relationship diluted by the jamming of classrooms with up to 60 pupils.

In addition to these 125,000 swing-shift scholars, another 75,000 attended classes held in church basements, in stores, in garages and in community halls — places that are expensive to operate and bare of customary school room facilities and amenities.

It is said that thousands of California students now in high school have never gone to school a full day.

Proposition No. 1 will permit districts, if already bonded up to 95 per cent of their legal limit, to borrow funds for additional necessary construction and equipment of classroom space and for acquisition of school sites. This 250,000,000 school-aid fund is not however, a grab bag or a free lunch. The legislature has set up rigid standards governing the apportionment of the money.

"DON'T LET HIM GET AWAY WITH THAT BARREL!"

I RISE TO REMARK
by John Phillips

France has a resiliency which shows now, more than ever before. Perhaps if you lived in a nation which has been a battleground since the beginning of recorded history, you'd take war, not cheerfully, but at least in stride. General North, who once wrote an article on that subject, tells me that the city of Soissons, familiar to my W. W. I comrades, has been besieged or fought for, 34 times.

I have seen Paris in 5 different years, between 1913 and now, and 1944, about a month after the "liberation," was the only time it looked dead, without movement, and life.

There has been little time so far for pleasure. We did get to the old Opera House, and heard Boris Godounov. On the 23rd we came through the modern boat station at Havre quite early, and reached Paris by noon. We came across the Normandy farm area, but it has been terribly dry, the day we landed had the first rain for months. Fortunately, Normandy doesn't have to depend on the Bureau of Reclamation, as the Coachella Valley must. It is raining now.

I went at once to the office of the American Battle Monuments Commissions, where General North, the active head, was waiting for me. We drove to Suresnes, on the outskirts of Paris, and saw the plans for enlargement. The next day I went over plans and figures, most of the day, and the following morning the three of us, with a Commission car and driver, started on a 2 day trip through the Normandy area, to inspect the cemeteries at St. Laurent, where the men who fell near the beaches are buried, and St. James, where the men are who died after the "break through."

I shall not describe individual cemeteries in this letter. Later, I shall describe the program as a whole. American cemeteries are well-kept and well designed, and fitting in every way for the resting places of the Americans who lie in them.

The Normandy trip gave us a chance to see Mont St. Michel for the first time, that curious old Abbey, built on a rock, near the coast, where the tide completely separates it from land twice a day. We also saw the 1944 invasion beaches.

Because of conditions here (there is an epidemic of dysentery) we shall go at once to Italy for the "rest" part of the trip, and pick up the investigation again later. I shall have visited Margraten, Henri-Chapelle, and Neuville-en-Condroz (in Belgium and Holland) and Hamm (in Luxembourg) where General Patton is buried, before we reach Montecatini.

NEW LAW ENABLES VETS TO FINANCE HOME BUILDING

Veterans in Cypress who were born in or entered war - time military service from California may be eligible for State construction loans to build their own homes, starting a few months from now, according to David Aaron, Buena Park, local councelor of vets affairs.

Legislation recently signed by Governor Earl Warren authorizes the State Department of Veterans Affairs to make such loans to eligible veterans. Hitherto, the state was able to finance only completed homes.

The law does not go into effect until October 1, Aaron pointed out. Meanwhile, he urged interested veterans to await the issuance of rules and regulations concerning the construction loan program which are now being drafted by the Department of Veterans Affairs.

Aaron had one word of caution for veterans along this line. The new law requires that the veteran have full ownership of the lot on which he proposes to build, but also requires the Department of Veterans Affairs to be 'satisfied of the desirability of the property." In practice, Aaron said, this will mean that the Department will consider the lot and the house plans as a unit; hence, if a veteran does not already own the lot he has in mind, he should not close any deal for it until the new law has become effective and the state agency has had a chance to advise him.

1100 STUDENTS SIGN UP AT FULLERTON J. C.

More than 1100 students have completed registration for the coming year which began Monday at Fullerton Junior college, it was announced today by Dr. Lynn H. Sheller, registrar.

An additional 100 students were expected to file late registration by the end of the week, Dr. Sheller said.

Travelogue
by James C. Duncan

Buddhas All Over

The next morning at 9:30 we dropped anchor in Alexandria, Egypt. Almost as soon as the anchor was dropped, custom officials, the company agent and the doctor came aboard. Everything was checked in a short time.

We thought we would go right to the docks, but a new law had been passed that required every foreign seaman to have an Egyptian passport, so we had to wait for the police and a government official to come out to the ship. They arrived about 10:00 a.m. and all of the crew was photographed and fingerprinted.

As soon as a picture was taken it was developed by the photographer's assistant. By 12:00 p.m. everyone had their passports all stamped with the government seal and signed by the government official.

We Flip For The Sphinx

We docked at 1:30 p.m. As one of the most interesting and fascinating things to see while in Egypt are the pyramids and the Sphinx, we in the Steward's department flipped a coin to see who would be the ones to go see them first. Those flipping heads would go today and those flipping tails would go the next day. Lenny and I flipped tails along with two of the other fellows. The fellows who had won hurried to get ready as they had to go to Cairo which is 130 miles from Alexandria. They would return tomorrow afternoon and we would go.

After the fellows had left, Lenny and I hurried through our work and went ashore. The sun was just slipping out of sight in the horizon as we left the ship. We walked the length of the pier and caught a taxie which took us into the city. Bright lights shone from practically every building and people walked down the streets talking and window shopping.

People Seem Different

One thing that Lenny and I noticed about the people here and in Port Said, is how different their personalities and habits are compared to the people of Singapore and Bombay. These people are quiet and self-contained. They seem to have a suspicion of every foreigner which is embarrassing at times. If you stop and ask someone on the street how to get to a certain place or to ask directions back to the docks, they would either act like they didn't understand or they would answer you in fewest possible words and hurry away.

Lenny and I went to the Seamen's Club. It was a short walk from where we were standing. Arriving there, we entered and found the place quite full. Men were playing ping pong, cards, reading books and magazines, listening to the phonograph and some were just talking to new made friends. When we entered we registered our names, addresses and the ship we were off in a large thick book. We thumbed through it looking for some buddies' names that we had sailed with before and who might have registered here.

We spent all evening at the club drinkink cokes and talking to a couple of fellows off another ship.

Great Disappointment

The next day, Lenny and I waited for the fellows who went to Cairo to return. Finally, they came aboard and Lenny and I and the other two fellows prepared to leave. About the time we were ready, the Steward came down to our fo'cles and told us that we were sailing at 4:00 a.m. the next morning. I can say here and now that this was the greatest disappointment in my life. I have always wanted to see the pyramids and the Sphinx and now we were so close and yet so far away as we wouldn't have time to travel to Cairo and return.

The city of Alexandria is indeed beautiful. Especially the outskirts of the city where all the big homes are located. Here are large beautiful gardens, tree shaded avenues which are very wide and peace and quiet from the noises of the city.

We sailed the next morning at 4:00 a.m. for Genoa, Italy, via the Straits of Messina and Mount Stromboli.

ATTEND MEETING OF CHURCHMEN IN SEATTLE

The Rev. Clarence G. Eigenhuis, pastor of the Faith Tabernacle, and two of his congregation have been attending a meeting of church workers and ministers for the past two weeks in Seattle, Washington. Accompanying him were Mr. and Mrs. Jewel Green of Seal Beach, members of his congregation, and teachers in the church school.

The Smith family of Garden Grove substituted in the pulpit on Sunday and again on Tuesday evening. Mr. Smith, who brought the message, was assisted by his two daughters, who are experts on the electric guitar.

WHEN YOU HEAT IT ELECTRICALLY!

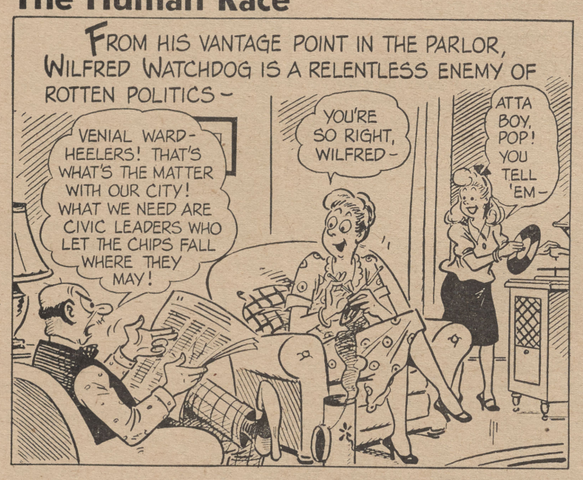

Speaking of "sure things"—an electric water heater is one of the surest. It brings you all the hot water you need, for every use in your home. Any time of the day or night, every day in the year, at the turn of the tap.

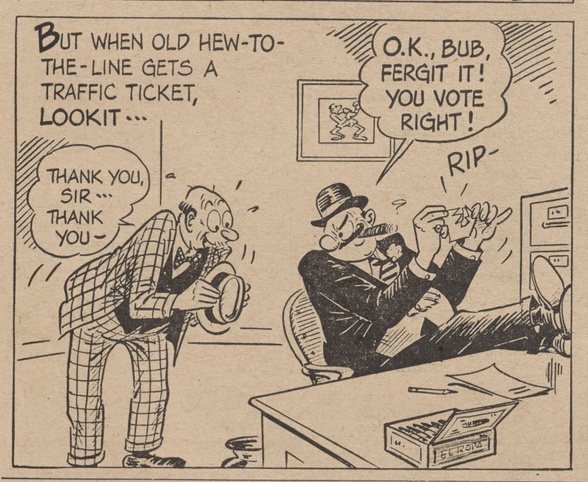

It's a safe bet in more ways than one. Completely automatic, your electric water heater is as safe and dependable as your electric lights. It never has to be turned up, down or off—even if yours is a home of many faucets!

Electric water heaters—the finest ever made—are lower in price, cheaper to operate. See your dealer.

SOUTHERN CALIFORNIA EDISON COMPANY

The Human Race

Do You Operate Under A FICTITIOUS FIRM NAME?

If so, have you complied with the requirements of Section 2466 of the Civil Code, which says: "Every person and every partnership transacting business . . . under a fictitious firm name . . . must file . . . a certificate stating the name in full and the place of residence of such person and the membership of such partnership . . .

SUCH CERTIFICATE MUST BE PUBLISHED ONCE A WEEK FOR FOUR CONSECUTIVE WEEKS."

If you have neglected this procedure, do you realize that the name of your firm is not protected, and that you are not entitled to maintain suits for collection, or other purpose in the courts of the State of California?

CYPRESS LOCALS

The Cypress volunteer fire department was called to a leaf fire Monday east of town on Hansen road. No damage was reported.

Dorothy Cole, who was reported ill in these columns last week, remains in a serious condition in the hospital at Santa Ana.

Norman Duncan, who was graduated from high school last year, has been employed by John Signer in his dairy on Juanita street.

A request from the W. R. (Ray) Dye's to renew their subscription to the paper for another for another year would indicate that they are still residing in Seattle, Washington.

Mr. and Mrs. Jesse Faughn have been staying in the Dr. Ernest Lupton home while the latter vacationed at Mammouth Lake. They were called home prematurely by the serious illness of Mrs. Lupton's mother, Mrs. Heinie Moore of Garden Grove.

Mr. and Mrs. Robert Brethren and son, Freddie, of 5542 Bishop street, are moving to Detroit, Michigan, where Brethren has a good job. They have rented their home to Mr. and Mrs. Harold Englestad, former residents here.

Cathy Boeckeler was given a party on the occasion of her third birthday by her mother, Mrs. William Boeckeler, at 5632 Saint Ann avenue.

Mrs. Arline Jeffrey, waitress at the Triangle Drive-inn, had a cyst removed from her wrist Tuesday. She will not be able to play on the girls' bowling team until a later date.

Mr. and Mrs. Jacob Van Dyke and sons, Robert and Kenneth, enjoyed a week-end at Big Bear.

Otho Switzer, who has been staying in Covina the past few weeks, has returned to Cypress. He is under the care of a specialist in Santa Ana, so that he may remain here.

Charlene Lennerville is reported ill with mumps.

Mr. and Mrs. Jim McCoy and daughter, Gayle, and Mrs. Pitts and daughter, Nina Sue, visited friends in Bakersfield. They drove up on Saturday and returned late Sunday evening.

Art Matheron gave up his work at the Leo Snozzi dairy, where he has been employed all summer, to return to his academic studies at Anaheim high school. He is a junior this year.

Hollis Woodmansee, Jr., has entered his junior year at Pasadena college, majoring in education. He finished two years at Fullerton junior college.

Mr. and Mrs. Al Lewis and daughters, Patty and Connie, moved on Saturday to Wilmar. Lewis is a member of the advertising department of the Alhambra Post - Advocate. They have lived in Cypress for the past year.

Fred Mackay finished a vacation relief managership of a mattress factory in Santa Ana, which he owned at one time. The employees were given a summer holiday.

John Crume, of John's Shoe repair and fix-it shop, was unable to work earlier in the week because of illness.

A change of address notice indicates that the Richard Griffin's have moved to the Hawaiian Islands. They formerly lived at 5641 Camp street.

Mr. and Mrs. Jim Russell of Long Beach, were guests at the Clarence Fender's Saturday evening. Mrs. Fender prepared a birthday cake as dinner dessert, honoring Mrs. Russell. The Russell's formerly lived in an apartment at the Fender's.

Mrs. Dan Mackay and Mrs. Fred Mackay and their families entertained Mrs. Carl Burton and Mrs. Frank Rigby, of Salt Lake City last week. The four women are sisters.

ASSOCIATED C. OF C. DISCUSSES HIKING

Discussing the overall plan of developing hiking and riding trails in the Santa Ana Mountains and along the valley floor, the Associated Chambers of Commerce planning and developing committee convened at Santa Ana last night, Chairman James Workman announced.

He said that the session was at the Santa Ana Community Center lounge, and that it was not a dinner meeting.

Workman's planning committee has proposed that some 150 miles of trails lacing the Santa Ana Mountains be opened to horse back riders and hikers, the route to link eventually with a series of trails along the Santa Ana River and elsewhere in the valley.

Orange county's board of supervisors has tentatively approved the plan, ordering the county's planning commissioners to assist in the mapping of the project.

400 acres of enchanting things to see at the gigantic Los Angeles County Fair at Pomona, Sept. 16th thru October 2nd, 17 exciting days and nights of spectacular Exposition of Progress, horse racing, "Cavalcade of Stars," 40,000 individual exhibits. Special trains and motor coaches will be operated by Pacific Electric from Los Angeles direct to Fair entrance. Also convenient service from practically all Southern California points available through transfer connections for the convenience, comfort and economy of their patrons.

Six-Year-Old Boy's Good Deed Noted On Radio Program

The thoughtfulness of a small boy who helped his mother of his own accord without any suggestion from any one else, paid off unexpectedly.

Six-year-old Gene Mittman, son of Mr. and Mrs. Al Mittman of La Palma road, prepared a lunch of sandwiches and punch and carried them to his mother and sister when they were sick in bed recently, and then washed the dishes and left the kitchen spic-and-span!

His mother was so pleased that she entered his "good deed" in a current television contest on the "Cowboy Thrills" program. His entry was judged the best for the day and he and his sister appeared on the screen over KPLA.

Gene received a cowboy outfit consisting of a hat, shirt, pants, cuffs, belt, holsters, and guns.

CHRISTIAN SCIENCE THEME "MATTER"

The Golden Text of the Sunday Lesson - Sermon on "Matter" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is from the Psalms: "Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob."

In a Bible citation the Psalmist says, "O Lord, thou hast searched me, and known me . . . Whither shall I go from thy spirit? or whither shall I flee from they presence? If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there. If I take the wings of the morning, and dwell in uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me."

"The realm of the real is Spirit," writes Mary Baker Eddy in "Science and Health with Key to the Scriptures." She adds, "In Spirit there is no matter, even as in Truth there is no matter, even as in Truth there is no error, and in good no evil." "That matter is substantial or has life and sensation, is one of the false beliefs of mortals, and exists only in a supposititious mortal consciousness. Hence, as we approach Spirit and Truth, we lose the consciousness of matter."

Mrs. Betty Dyer and her three children, Mary, Billy, and Tommy were guests of her mother last week. Mrs. Charles Hanna entertained them at Gilman Hot Springs. Young Johnnie stayed home with his grandmother, Mrs. Mabelle Dyer in Cypress.

BIRTHDAY OF DOCTOR CELEBRATED

The birthday of Dr. M. H. Damron was noted by a dinner out-of-doors last Sunday at the home of Mr. and Mrs. Dan Marshall on Magnolia avenue.

Gathering to extend the felicitations to the doctor and to enjoy the celebration were Mr. and Mrs. Merrill Hunt, Bruce Hunt, Mrs. Elizabeth Anderson, Mr. and Mrs. A. E. Arnold, Mrs. Elmer McWilliams and her granddaughter, Charlee Arnold, Mr. and Mrs. Rosser Williams and daughter, Wendy.

The honoree and Mrs. Damron and the host and hostess completed the group.

Tommy Neer New Desk Man at Bowl

Tommy Neer, of Santa Ana, has been appointed desk man at the Buena Park Bowl. Manager Pete Oliver has resigned his connection with the Bowl to go into business for himself as owner-manager of the B. F. Goodrich store here.

Laverne "Bud" Moore of the Buena Park Bowl expressed his regret that Oliver had resigned and his appreciation for his efforts in connection with the recent opening of the bowling alley and in organizing the new leagues.

CERTIFICATE OF BUSINESS
FICTITIOUS FIRM NAME

THE UNDERSIGNED do hereby certify that they are conducting a Poultry Business at 8781 Walker St., Cypress, California, under the ficticious firm name of Earl's Fryer Ranch and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Earl R. Siples, 8781 Walker St., Cypress.
Gertrude M. Siples, 8781 Walker St., Cypress.

WITNESS their hands this 11th day of August, 1949.
EARL R. SIPLES
GERTRUDE M. SIPLES

STATE OF CALIFORNIA)
)ss
COUNTY OF ORANGE)

ON THIS 11th day of August, A.D., 1949, before me, Irma Lillian Stodart, a Notary Public in and for said County and State, personally appeared EARL R. SIPLES and GERTRUDE M. SIPLES, known to me to be the persons whose names are subscribed to the within Instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.
(SEAL)
IRMA LILLIAN STODART
Notary Public in and for said County and State.

NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the Cypress School District of Orange County, California, will receive sealed bids up to 7:30 o'clock p.m. on the 23rd day of September, 1949, at the office of said School District, located at 5202 Lincoln Boulevard, Cypress, California, at which time said bids will be publicly opened and read for the following:

The furnishing of all materials, labor, equipment and services for the construction of a bus garage at the Cypress School, all in accordance with Plans and Specifications on file in the office of said School District.

Pursuant to the provisions of Section 1770 of the Labor Code, the Board of Trustees of said Cypress School District has ascertained the general prevailing rate of wages in the locality in which this work is to be performed for each type of workman needed to execute this contract. The prevailing hourly wage scale so ascertained is as follows:

Carpenter	$2.12
Electrician	2.50
Roofer Foremen	2.50
Roofers	2.25
Cement Finisher	2.20
Truck Driver	1.67
General Laborer	1.57

One and one-half times the prevailing rate of wages shall be paid any working time in excess of eight (8) hours in any one calendar day and for Saturdays, Sundays and legal holidays, unless otherwise noted. For less than eight (8) hours per day the rate shall be that fraction of the foregoing rates that the number of hours bears to eight (8).

Each bidder must submit with his bid a satisfactory check certified by a responsible bank, or a bidder's bond, in an amount not less than five percent (5%) of the sum bid as a guarantee that the bidder will enter into the proposed Contract if the same is awarded him. In the event of failure to enter into the proposed Contract, the proceeds of the check will become the property of the Cypress School District of Orange County.

Each bid must be on a blank form furnished by the Cypress School District.

The successful bidder shall be required to furnished one (1) bond which shall protect the laborers and materialmen and shall be for fifty (50%) of the amount of the Contract, and one (1) bond in the amount of fifty percent (50%) of the Contract, guaranteeing the faithful performance of the Contract.

The Board of Trustees of the Cypress School District reserves the right to reject any or all bids, and not necessarily accept the lowest price bid, and to waive any informality in any bid received.

Cypress School District of Orange County, California
By
D. T. MACKAY
Clerk of its Board of Trustees

CHURCH FRIENDS FETE MEMBER

Mrs. William D. Howard was hostess at the last meeting of the Garnet Howard chapter of the Ladies' Missionary society of the Church of the Nazarene. The group meets on the first Tuesday evening of each month at the church. Mrs. Charles Lennerville was co-hostess.

Mrs. Toab Wolford, president, appointed Mrs. Preston Allen to care for donations to a fund to help start missionary homes in the foreign field. The subject for the study dealt with the country of Japan.

A farewell shower of handkerchiefs, personal articles and money honored Mrs. Oscar Kelley, who moved with her family to Albuquerque, in recognition of her faithful membership during her residence here.

Those attending other than already mentioned were Mrs. Noxie Stearns, Mrs. Norville Chapman, Mrs. Ocie Ferguson, and Mrs. Percy Coffman, members of the senior group who were guests, Mrs. Joe Ferguson, Mrs. Edward Riddle, Mrs. A. J. Kuykendall, Mrs. E. Rhodes, and the Misses Betty Knight, Maurine Grover, and Wanda Wolford.

LOCAL BOYS SHOW LIVESTOCK AT FAIR

Robert Van Dyke and Bill Teague, members of the Future Farmers of America organization at Anaheim Union high school, will spend seventeen days at the Los Angeles county fair, in Pomona.

Livestock will be judged on September 15 and 16, and on the 22 a sale will be held. Van Dyke will enter his prize-winning "fat for beef" steer.

SEASON HERE TO CHECK FIRES WHEN OUT-OF-DOORS

The next few weeks will be dangerous to California's forests from losses due to fires unless citizens are especially careful when visiting heavily wooded areas. The peak of the long summer fire season each year is reached during September and October. The period is commonly a dangerous one, when moisture content of vegetation is at its lowest ebb. This year is the third straight year that winter precipitation and spring rainfall have been subnormal.

A few fires have been caused by lightning. Major causes of fire in the forests are carelessness and thoughtlessness on the part of citizens. Nine out of ten forest fires that occur are due to people who could prevent such disasters if they took time for just ordinary precautions.

Wide-spread forest fire losses affect California's economy, as well as pleasure. Complete cooperation should keynote the relation between citizens and the state's forest protection units.

FORMER PASTOR FROM OKLAHOMA IN SANTA ANA

The Santa Ana Baptist church, on Sixth street, is carrying on a series of revival meetings. These are being conducted by Dr. D. E. Wilbanks, superintendent of evangelism for the Southern Baptist church group.

Dr. Wilbanks began his ministerial experience in Oklahoma, and is well known to Californians who were formerly from that state.

CROWDED A. M. CLASSES

Miss Elizabeth Dickerson reports that attendance problems are being ironed out and confusion resulting from the first week of school is being eliminated locally.

Morning session classes are heaviest, resulting in an overcrowding of the new 92-passenger bus which the school secured this summer. For this reason, bus No. 1, driven by Price Seibert, will service Cypress manor in the future.

Because Cypress is a dairy community, many pupils in the district come from homes where men work nights, and need to sleep during the morning hours. Other reasons are given for parents wishing to send their children to school before noon, which accounts for the larger attendance.

JUNIORS ENTERTAINED ON CHURCH GROUNDS

Members of the Junior society met for a picnic at the Cypress Church of the Nazarene on Thrusday afternoon, September eighth. Mrs. Margaret Ferguson is the group's director.

Some twenty children enjoyed a period of games.

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

> "... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act. ..."

Obviously the railroads cannot be run efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

1—Decision by National Railroad Adjustment Board.
2—Decision by System Adjustment Board for the specific railroad.
3—Decision by arbitration.
4—Decision by neutral referee.
5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"
